You work hard every day to make a difference in the lives of Cloquet students. The Cloquet Educational Foundation joins you in that effort and is a community partner, champion and resource for you. Throughout the year, we reach out to the community to raise funds for your classrooms. As board members share district needs, it is powerful for the community to learn that our district employees believe in the power of educational philanthropy and they, too, provide charitable donations. The CEF reaches out to the community through its Invest In Kids program, and encourages our district employees to "Pay It Forward" through its Annual Fund Drive.
